*Gladiolus*BLUE RIBBON
Quality

My Display at the
NATIONAL GLADIOLUS SHOW
Cleveland, Ohio, August 14, 15, 16,
1931, was awarded, THE AMERICAN
GLADIOLUS SOCIETY CUP, for the
largest, most complete, comprehensive
assortment of Gladiolus of all types and
varieties; the largest number and great-
est diversity of varieties including the
best collection of the new and rare
varieties; the BEST QUALITY of
BLOOM and most artistically arranged.

CARSON R. STEWART

BURG HILL, OHIO

Blue Ribbon--

--Quality Bulbs

The high quality of my stock has again been clearly demonstrated by the many awards that came to my Customers as well as to myself at the Major Shows this season, including the National Show at Cleveland, Ohio.

This same high quality has been maintained in growing my bulbs this year; you are therefore assured of the highest quality in bulbs and the best of blooms next season.

Growing conditions here have been very satisfactory this season and an unusually large crop of excellent bulbs will be harvested; with my modern equipment and large curing and storage facilities you are doubly sure of the best in bulbs.

My prices you will find are quite low this year and especially so when the quality of stock is considered.

At the National Show, while I received many other awards, my big display, which was full of the newer and rare varieties, called forth the enthusiastic admiration of all those who attended; a basket of my seedlings artistically arranged shared equally in the many comments of praise; I only regret that the stocks of my seedlings are not sufficiently large for dissemination at this time.

Cordially,

A handwritten signature in cursive script, reading "Carson R. Stewart". The signature is written in dark ink and is positioned at the bottom right of the page, below the word "Cordially,".

Please Read Carefully Before Ordering

ORDERS are PREPAID at these prices. The amount of your order should not be less than \$1.00.

SUBSTITUTION is not made unless directed to do so.

ORDER EARLY to avoid disappointment.

STOCK is true to name. I will gladly replace or refund original purchase price should any be otherwise. I ship only first quality stock, clean and healthy.

SHIPMENTS will start about Nov. 15th.

QUANTITY: 3 or 6 at the 12 rate; 25 at the 100 rate; 250 at the 1,000 rate.
Bulbs or Bulblets count is always liberal.

SIZE: No. 1—1½ inches and up	No. 4—¾ to 1 inch
No. 2—1¼ to 1½ inches	No. 5—½ to ¾ inch
No. 3—1 to 1¼ inches	No. 6—¼ to ½ inch

KEY TO ORIGINATORS: Austin (A); Boynton (Boyn); Betscher (Bets); Briggs (Br); Coleman (C); Cowee (Co); Decorah (Dec); Diener (D); Ellis (E); Errey (Errey); Fischer (F); Hornberger (H); Graff (G); Hondyshel (H); Kirchhoff (Kirch); Kunderd (K); Kemp (Kemp); Lemoine (L); Metzner (M); Pfitzer (P); Salbach (Sal); William Purple (Bill); Velthuys (V).

SPECIALS: Make your own selections and avail yourself of my liberal discount, unsurpassed quality, and my liberal count.

TERMS: Net cash before shipment. A deposit of 25% will hold order until shipping time, as you may designate either Fall or Early Spring. Orders not fully paid for will be notified of the amount due, at shipping time; or if you prefer sent C. O. D. for the balance due.

DISCOUNTS for cash in full amount with order. The following discounts will be allowed in bulbs of your selection on orders amounting to—
\$ 5.00 to \$ 20.00 a 10 per cent discount.
20.00 to 50.00 a 15 per cent discount.
50.00 to 100.00 a 20 per cent discount.
100.00 to 200.00 a 25 per cent discount.

BLOOMING DATES: The number of days from planting to blooming time is given after the description and will vary in different localities; the size of bulb and the season will also effect blooming date.

GARDEN ASSORTMENT

To those who prefer a large collection of *Gladiolus* of the newer and better varieties at a moderate price, this assortment offers an unusual opportunity to secure a large variety of color and type. While our Garden Mixture is made up entirely from our regular stock, the various varieties will not be labeled. They will, however, have our guarantee of good healthy stock and large bulbs.

GARDEN MIXTURE—Per 15, \$1.00; per 50, \$3.00; per 100, \$5.00.

POPULAR ASSORTMENT

This assortment is made up to meet the demand for a popular priced mixture, and contains many of the newer and better varieties and is an exceptional value.

POPULAR ASSORTMENT—Per 50, \$1.50; per 100, \$3.00.

CULTURAL DIRECTIONS

Plant the bulbs in the spring after all danger of severe frost has passed. Plant them from 4 to 6 inches deep; the lighter or sandy soil requires the greater depth. It is better when possible to prepare the soil in the fall, adding a liberal application of manure. If you fertilize at planting time, use only well rotted manure or bone meal. (Never permit fertilizer to come in contact with bulbs). A very satisfactory time to fertilize is after they are up from 2 to 6 inches, then apply sheep manure or a 4-12-4 commercial fertilizer near the rows and worked into the soil. At all times keep the soil loose and free from weeds by thorough cultivation. Cut blooms if you wish when the first flower opens. It is important to leave not less than 4 leaves on plant to mature bulb.

Dig when foliage turns brown or when they are killed by frosts. Cut foliage off close to bulb. Cure them thoroughly in a well ventilated place, occasionally stirring them. After curing for a few weeks the old bulb and roots may be easily removed. The bulbs should then be put in shallow trays and stored for the winter in a cool, dry, frost-proof place.

DELPHINIUM SEED

The Wrexham or hollyhock strain has been most generally accepted as the finest in delphinium. I have grown these for several years and have selected my seed from year to year only from those of special merit. You are therefore assured of the best and the assortment of color is well balanced.

Per Packet of not less than 200 seeds, **50c**

DELPHINIUM PLANTS

These are strong, well grown, one year old plants. A good assortment of color. Only first quality roots.

3 for **\$1.25** 1 dozen, **\$4.00**. Postpaid

Shipments start in early September on Delphinium plants.

REGAL LILY

This lily, which is hardy, has become very popular, with its large, white flowers. The throat is a soft, delicate yellow and the outside of the flower blends to a soft pink, making it very beautiful and having a very wonderful fragrance; they are quite deserving of their popularity.

They grow from 2 to 4 feet high and produce from 3 to 12 of their large flowers to each flower spike. They bloom in July and are easily grown.

I offer only the large size bulbs of highest quality.

Per each, **35c**; 3 for **\$1.00**; **\$3.50** doz.

Prepaid—Delivery about October 10th

THE OHIO STATE
GLADIOLUS SOCIETY

will welcome you to its membership.

As a member you receive the monthly publication of the American Gladiolus Society—The Gladiolus Review—devoted entirely to the gladiolus. You will find the Review is full of valuable and interesting matter on our flower.

Our State shows have been of the very highest caliber, the quality of bloom being exceptionally fine. The show offers an opportunity both to the grower and amateur to see the newer varieties and new styles of set-up. Our annual meeting and banquet is indeed a social occasion, meeting many from outside of our state as well as those within its borders. Practically every subject of interest to the lover of gladiolus is discussed.

Membership in the Ohio State Gladiolus Society is \$2.00 per year.

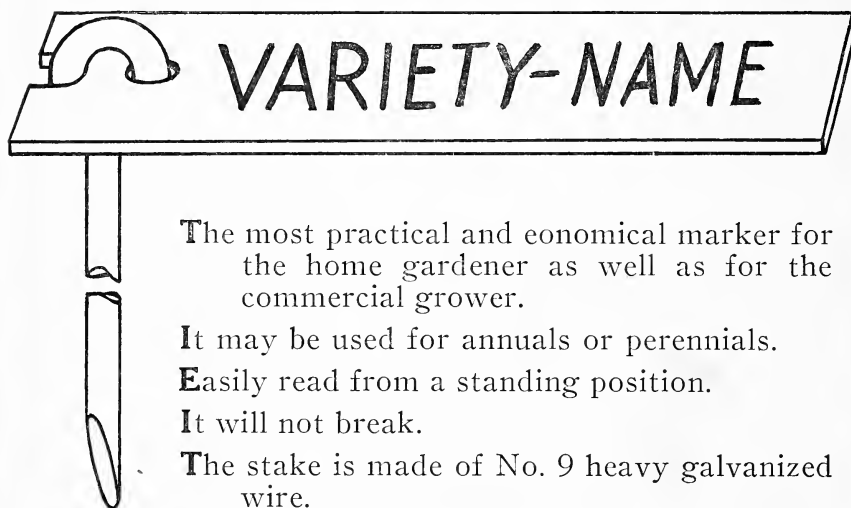

I will be glad to forward your application to our secretary.

Cordially,

A handwritten signature in cursive script, reading "Carson R. Stewart". The signature is written in dark ink and is positioned below the typed name "Carson R. Stewart".

The New STEWART MARKER
